# HIT RECORD

Sound off, sing your heart out, let the music play and be inspired.  
Book W Sound Suite for custom recording services and listening sessions.

## Podcast Prerecord

Equipped with 4 SM7 Broadcast Microphones and the ability to multi track the audio captured.

## Presentation Video and Voice

A studio for professionals to record Voice and Video. For example, pre record for a Virtual Town Hall or a Voice over for a presentation.

## Acoustic Performance Capture

Equipped to capture up to 6 channels of multi tracked audio. This can be used to capture live acoustic performances or DJ sets.

## Listening Sessions

With a selection of vinyl on rotation, reserve W Sound Suite and relax to your favourite sounds. Minimum two (2) hour booking required.

*\*For any recording or streaming services, a minimum of four (4) hours booking is required.*

# LIGHT, CAMERA, ACTION

W Sound Suite is the perfect spot for live or pre-recorded broadcasts and streaming.

## Live Stream Presentation

Live virtual presentations with a soundproof room, professional audio equipment, DSLR, and streaming platforms for the best quality streamed video available.

## Live Stream Podcast

Equipped with 4 SM7 Broadcast Microphones with an array of streaming options for podcasters.

## Live Streaming & PreRecords

The V-Mix Suite and Hardline bandwidth of the Sound Suite can be used to live Stream prerecorded content.

## Live Stream Musics & Events

The V-Mix Suite and audio interfacing make the Sound Suite an excellent place for DJ's to live stream their music for virtual events.

*\*For any recording or streaming services, a minimum of four (4) hours booking is required.*

### Disclaimers

While the Sound Suite is equipped with acoustic panels, it is not 100% soundproof, and some ambient noise may be audible in the control room and studio. Client is responsible for providing their own storage media (Ex. USB Sticks or Hard Drives) for recordings.

*Post-edit production is not included;  
but can be booked separately through  
Encore's Media Lab.*
